The demands and requirements being placed upon our educational system today necessitate constant change.

The school not only is challenged in educating the student for a future academic life, but also in acquainting the non college bound student with opportunities which are available for him.

The goal of education today should be to give each student a variety of experiences from which he can make sound decisions, live a full life, and contribute something worthwhile to our society.

As you look through the pages of this book, you will see the many activities, which Southwood High School makes available to its student body in order to fulfill the above stated policy.

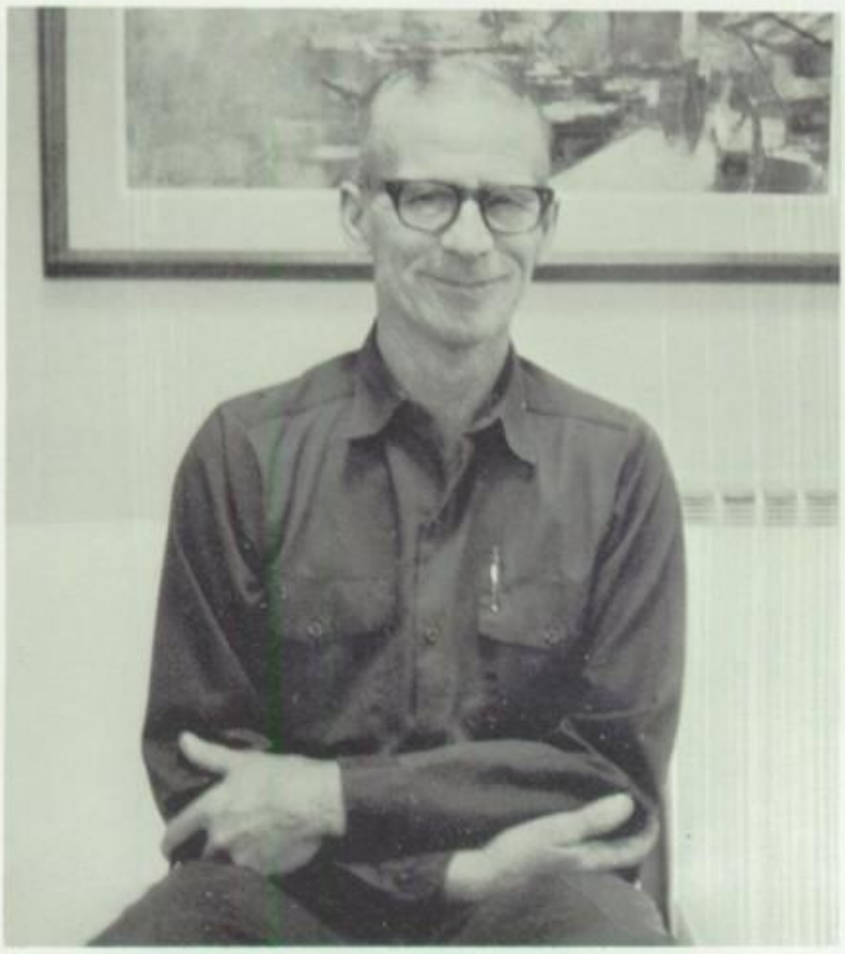
JANITORS & COOKS



We, the past and present classes at Southwood High School, would like to recognize the dedication and hard work Harry Arrick has put in Southwood for the past six years. We have enjoyed the smiling face of Harry as we entered the building and we have enjoyed even more his cheerful good-bye as we left for home each evening. We are sure Harry's work and image will linger in the halls and portals of Southwood many years after he leaves.

Dear Teachers and Students of Southwood:

It is very pleasant for me to write a little for you, because you have given me your company, love, and teaching about your country, USA.

Now, I am happy because I can learn a lot of things about you and your country that would be impossible for me to express in words. Thank you very much for everything that you have done.

All of my affection,
Marina Irellana

Mary Jane Early, a junior, was selected as Southwood's candidate for Youth For Understanding, a teen-age exchange program which originates from Ann Arbor, Michigan. She will spend eight weeks in The Netherlands during the summer of 1968.

My Southwood Friends,

I come from Parabiago, Milano, Italy, and I am staying with Mr. and Mrs. Delbert Hoch. I am really very happy to spend this year with you all, friends of Southwood, because I am learning to know your world, and to understand you. I thank you all for your friendship, and I hope that this year will be to you as great and nice as it is for me.

Your Italian Friend

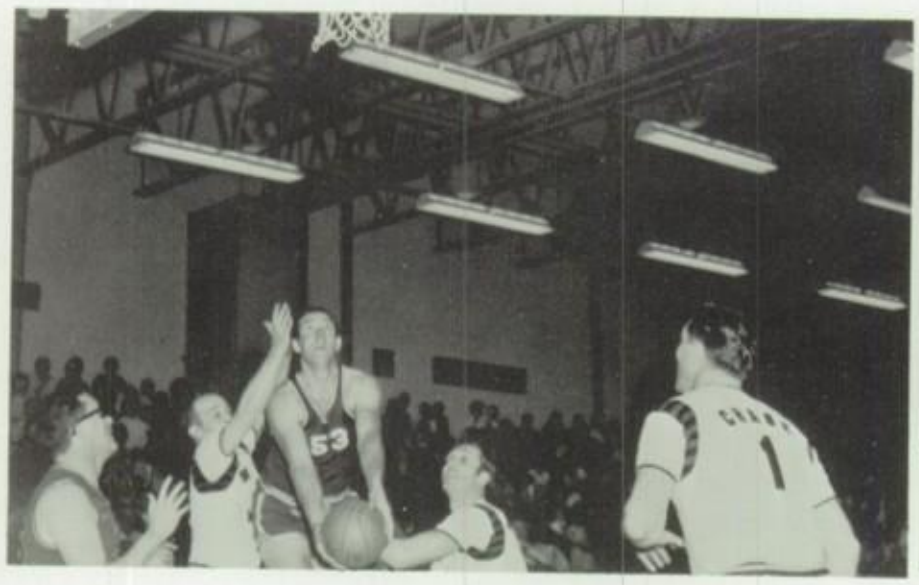
FACULTY BEATS 'AIR ACES'



Mr. Sampson puts in two for the faculty.

With Cigna playing for the faculty we get a little help on the tip.

The faculty members find the going rough with 6'6" Chase and 6'7" Pelkington.

Ridenour tries his hand at two.

Cigna proved an effective player while with the faculty. Who said you needed height to get rebounds?

Coach Sampson tries a twenty-foot jump shot.

TO BE SEEN AND NOT HEARD

You forgot the first rule of teaching Mr. Said, never turn your back on a class!

Then Tonto said to the Lone Ranger, "Why do I always have to go into town and get beat up, isn't it your turn?" "Yes, but Tonto, you're the Indian."

"Any more lip out of the back row, and I'm sending you all to the office. Would whoever wrote that swastika on the blackboard, please erase it immediately."

"Could you translate this comprehension part of the test, I can't understand it, it's in Spanish."

"How about a little more class participation from the back row. Robert, how about you, you haven't said anything all week. You gotta be kidding me, go 'lay' down."

She's got the whole world in her hands.

Jack,

To a fellow junior officer. This has been a "fun" year, full of experiences. Best of luck in the future.

Charlene.

Here's to a fellow junior.
May we have more fun next year!!

Randy

To a great, great actor, ~~ex~~temper, etc.

Jack-
We got through
first play together
maybe we can make it
through next year, too!
Could with your pen, too!
We haven't got time now to say
it! Barf.
